

## MUST TAKE TESTS EARLY THIS WEEK

Men Intending to Use Y. M. C. A. Building Should Have Physical Examination.

READY FOR USE MONDAY

Much Interest Being Expressed in Formal Opening—Gymnasium Class Schedule.

Men who are intending to get into the activities in the new Y. M. C. A. building will confer a favor on themselves and on the management by stopping in at the building and arranging for their membership and their physical examination early this week. All members are required to take a physical examination before using the swimming pool and gymnasium, and it will expedite matters if many can be examined this week. The physical director, M. A. Clevert, will be glad to meet men and boys at their convenience for examination and thus will be enabled to relieve some of the grand rush that will be on next week.

It must be understood that the privileges of the building will not be open for use until next Monday, as it is impossible to have them in use while the general public is inspecting the building. Beginning on Monday, everything will be ready for use. Meantime, it is hoped that everybody in the city will have inspected the building and seen all there is to see in it.

### Opening Friday.

Much interest is being manifested in the grand opening announced for Friday evening. Hundreds of people are expected to attend, and they will be shown over the building by a corps of fifty ushers, under the direction of the social committee. The building will not be open to visitors during the week until Friday evening, as the entire force of employees are now getting ready for the opening. On Friday evening, everything will be thrown open for all to see.

The schedule of gymnasium work has been prepared by the physical director, and is given as follows: Regular classwork will be started on Monday, December 1.

### FOR MEN

Noon class—12-1 p. m. Every week day except Saturday.  
Business men—5 to 6 p. m. Monday, Wednesday and Friday.  
Seniors—8-9 p. m. Monday and Thursday.

Note—Classes in boxing and wrestling will be organized to meet the demands of the members.

### FOR BOYS

"Prep" class—For boys from 10 to 12 years of age (too young to become members). Special lesson in gymnasium and swimming pool, Saturday at 10 a. m.

Juniors—Class work and swim, Tuesday and Friday at 4-5 p. m. and play period and swim Saturday at 9-10 a. m.

Seniors—Class work and swim, Monday and Thursday at 4-5 p. m., and play period and swim, Saturday at 1-2 p. m.

High school students—Monday and Thursday at 3-4 p. m.  
Younger young men—Tuesday and Friday at 7-8 p. m.

Every member before using the physical department privileges is required to take a physical examination. This is given by the physical director by special appointment, without charge. No exceptions to this rule. The physical director will advise and direct men desiring to take individual exercise, but it is recommended that every one enroll for the work in one of the regular classes.

### Nine Days Left.

Nine days remain for the payment of delinquent pledges to the Y. M. C. A. building fund. After November 25, pledges whose payment has not been made or definitely arranged for will be given to an attorney for collection.

The pledges have been alphabetically arranged and placed in two banks for the convenience of subscribers in paying. Those from A to M will be found at the Central Trust and Savings bank, and those from N to Z at the Rock Island Savings bank. Payments will be received at these banks until November 25, after which the lawyer will take a hand.

The members of the committee earnestly hope that it will not be necessary to resort to extreme measures for the collection of any of the pledges. The vast majority of subscribers have paid up promptly and cheerfully, and it is to be hoped that the few still in arrears will follow this good example. If it is not at all pleasant for the committee to be compelled to keep hammering their fellow citizens in such a matter, and yet, in justice to the many who have made their payments, it is necessary to insist that the others fulfill their obligation.

However, the announcement of the plan to force payment by legal measures is absolutely dependable, and the committee will take just that step in regard to the pledges not cared for by Nov. 25.

### Y. M. C. A. Rooms in Demand.

About two-thirds of the rooms in the new Y. M. C. A. building have been spoken for by those who expect to make their homes there. There are only 60 rooms altogether, and it begins to look as though the whole dormitory will be occupied next week, when the men move in.

The rooms are exceedingly comfortable and attractive, and are going to furnish a delightful home for young men away from home. The reservations are being made daily. Some who

have not yet signed pledges are likely to be disappointed, for only those rooms for which a definite contract has been signed can be held from now on.

None of the residents will be permitted to move in until next Monday, as

it is desired to keep the whole building open during the days of inspection, on Friday night and Saturday, so that all visitors may see the entire plant. The gymnasium leaders club held a meeting last night with Mr. Clevert, the physical director, to make plans

for the organization of the senior gymnasium class. The men are enthusiastic over the prospects of a big class, and are ready to begin boosting the work with vigor.

There will be no program in the gymnasium on Friday evening, at the

time of the big public reception, but on Saturday night, when the men get together for their big time, there will be special exhibition work put on in the gymnasium and swimming pool by men from Moline and Davenport. The boys are expected to be present

in large numbers Saturday morning for their celebration. The troop of boy scouts will act as ushers and guides for the boys, and boys from Moline and Davenport will compete in games and athletics.

**Business Change.**  
Herbert Heisel, successor to Bert Yob, proprietor of the barber shop at 412 Fourth avenue, would appreciate a call from his friends and patrons and assures them his customary careful attention.—(Adv.)

# Progressive Sale

Nov. 19th  
to Dec. 1st

The Progressive Store That Sells for Less, Now Makes Sharp Reductions in all Departments for the Sole Purpose of Gaining

2,000 New Customers in  
10 Days

Our object in our first Progressive Sale, last November, was to secure 1,000 new customers—customers who had been in the habit of trading elsewhere.

We certainly turned the trick in full measure and these thousand new patrons have since multiplied many times—yet we are not satisfied.

Tomorrow morning we inaugurate our second Progressive Sale—Ten days of tremendous selling—Ten days of exceptional value giving. Old customers will need no coaching—shrewd buyers will need no urging.

This is a progressive store and we want patrons who believe in progress to practice the first principals of progressiveness and at least investigate. The few items printed on this page tell a tale of economic advantages that ought to interest every prudent housewife.
